Bolton by Bowland, Gisburn Forest & Sawley Parish Council NEIGHBOURHOOD PLAN

Date: 28th July 2017

The Examiner for the Neighbourhood Plan has contacted Ribble Valley Borough Council Programme Officer to request a clear timetable showing the Site Selection and Appraisal Process, including copies of support materials directly related to this matter; the specific reports relating to identifying and assessing sites and how the process was consulted upon.

Three sites within Bolton by Bowland were taken from Ribble Valley Borough Council's Strategic Housing Land Availability Assessment. One of these was discarded, due to flood related issues. The remaining two sites were then allocated and the Examiner seeks the detail around this process.

Ribble Valley Programme Officer had previously explained to Parish Clerk that, should any request for supplementary information be requested by the Examiner, this should not be sent directly, but needs to be in a format within the public domain. The appropriate method is for collated information to be published on the Parish Council's website www.tsbparish.org.uk and the link for the supplementary information be sent to Ribble Valley Borough Council Programme Officer, who will forward it to the Examiner.

This document therefore shows the timetable requested by the examiner, with a short description of the supporting documents. A link to each document is provided in the timetable.

TIMETABLE OF EVENTS / MEETINGS

DATE	DETAILS	SUPPORTING DOC'S	DOC. NO.
Late October 2013	Chairman of PC letter to RVBC re Core Strategy	Document sent by Bruce Dowles (PC) to RVBC	1
